

I am Ms. McAleer

WELCOME FROM YOUR CARE TEAM

WE ARE PLEASED AND DELIGHTED TO WELCOME ALL OF OUR NEW YEAR 8 STUDENTS.

We will be looking after you along with your Head of Year,
Assistant Head of Year and Form Teacher.

I am Ms. Boylan

All of your teachers here in Blessed Trinity remember our first day at school – we were nervous, excited and maybe even a little bit frightened. We were excited to put on our new uniform, excited to use our new pens and pencils and a little frightened about everything that is new. We know that you will be looking forward to meeting new friends and maybe some old ones from primary school.

On the first day of post primary school every boy and girl are thinking the same things - “Will I fit in?” “Will I get lost?” – please know that you will fit in and you may get lost but you will soon find your way as there are lots of people at Blessed Trinity to help you. All of the teachers, learning support assistants, office staff, caretaking team and older students are ready and willing to help you feel comfortable, confident and safe. The boy or girl you are sitting beside is just as nervous as you are, and, you never know he or she could become your best friend.

Looking at your new timetable you may wonder how you will ever remember all your new subjects and teachers. What is Learning for Life and Work? Will I be good at Home Economics, Art or Music? Take your time. We will move slowly over the first few days to give you the best possible chance to settle in. You will get the chance to catch up with friends not in your class at break time and lunchtime. We want you to be happy and ready to learn in your new school.

Remember each and every one of you has a bright future and do not forget **“We Are Trinity”!**
