We mainly collect personal information about our students and their families/carers/legal guardians throughout the course of the student's time at the school, for instance when completing educational visit consent forms, from statutory curriculum assessments and throughout our relationship with a student when we are exercising our legal obligations as a public educational body and during our pastoral care.

WHAT PERSONAL INFORMATION DO WE COLLECT, STORE & USE REGARDING OUR STUDENTS

We will collect, store and use the following categories of personal information about our students/parents/families/carers/legal guardians:

- Personal information (such as name, age, date of birth and photographs)
- Contact information (such as address and telephone number)
- CCTV footage captured in school, as available, and other information obtained through electronic means

WHY DO WE COLLECT, STORE & USE THIS INFORMATION?

We will only use personal information when the law allows us to. Most commonly, we will use personal information relating to our students and their parents/families/carers/legal guardians where we need to comply with our legal obligations and where it is needed in the public interest for us to exercise our authority as a public educational body.

In some cases, we may use personal information where it is necessary for our legitimate interests (or those of a third party) and your interests and fundamental rights do not override those interests. For example, the school has a legitimate interest in providing students with an education, safeguarding and promoting student welfare, facilitating the efficient operation of the school.

We may also use your personal information less frequently, to protect a student or their family's interests (or someone else's interests). For example, when investigating a complaint made by another student.

We keep personal information electronically on the School's Information Management Systems, the School's IT network, or manually in indexed filing systems.

CONSENT

Whilst the majority of the personal data provided to the school is required for us to comply with our legal obligations, some of that information is provided on a voluntary basis through parental consent (namely, a parent's/carer's/legal guardian's expressed agreement). A student aged 13 or over is considered capable of giving consent themselves, and will not require expressed agreement from a parent/carer/legal guardian. However, if a child is not considered capable of giving consent themselves for example, due to an identified special educational need, an adult with parental responsibility may exercise the child's data protection rights on their behalf.

Where we need consent, the school will provide the person with parental responsibility for a student or, if aged 13 or over, the student themselves, with a specific and clear notice which explains the reasons why the data is being collected, and how the data will be used. You should be aware if you do not consent to our collection of this type of data, this will not affect the standard of education or level of care we deliver to the student.

If we ask for your consent to use personal information, you can take back this consent at any time. Please contact the school directly, if you would like to withdraw any consent you have previously given.

Please be aware that we do not need to obtain parental consent, if personal data is to be processed for the purposes of obtaining counselling services for the child.

HOW LONG IS THE INFORMATION STORED FOR?

We will only keep personal information for as long as necessary, to fulfil the purposes we collected it (for example, to educate and look after students) and including for the purposes of satisfying any legal, accounting, or reporting requirements.

We do not store personal data forever; we only hold student and family data for as long as we are legally required to do so. However, sometimes we will keep personal information for historical reasons (e.g. year group or sports team photographs) but you will always have a right to ask for it to be removed.

This is a link to the Department of Education Document Retention and Disposal Policy which can be found at <https://www.education-ni.gov.uk/publications/disposal-records-schedule>. This will give you more information about how long we keep personal information.

In determining the appropriate retention period for personal information, we consider the amount, nature, and sensitivity of the personal data, the potential risk of harm from unauthorised use or disclosure of your personal data. The purposes for which we process your personal data and whether we can achieve those purposes through other means, and the applicable legal requirements.

In some circumstances, we may anonymise your personal information so that it can no longer be associated with you, in which case we may use such information without further notice to you.

DATA SECURITY

We have put in place appropriate security measures to prevent personal information from being accidentally lost, used or accessed in an unauthorised manner, altered or disclosed. In addition, we limit access to your personal information to those employees, agents, contractors and other third parties who have a need to know. They will only process personal information on our instructions, and they are subject to a duty of confidentiality.

We have put in place procedures to deal with any suspected data security breach and will notify you, and any applicable regulator (currently the Information Commissioner's Office), of a suspected breach, where we are legally required to do so.

This data sharing underpins school funding and educational attainment policy and monitoring. We also share information with the NHS or a student's destination upon leaving school.

Students aged 13+:

Once our students reach the age of 13, we also pass student information to the Education Authority and/or provider of youth support services, as they have responsibilities in relation to the education or training of 13-19 year olds.

Whenever we transfer your personal information or that of your child outside of the EEA, we ensure that it is protected to the same standard as it would be, if it remained inside the EEA. Please contact the Principal if you would like further details on how we transfer your personal information outside of the EEA.

YOUR RIGHTS OF ACCESS, CORRECTION, ERASURE & RESTRICTION

Under GDPR, students/parents/families and carers have the right to request access to information that we hold regarding them. To make a request for your personal information, or be given access to your child's educational record, contact the Principal via the school office by telephoning 02890370665, or via post FAO Ms Lyttle, Blessed Trinity College, 619 Antrim Road, Belfast BT15 4DZ, or via email FAO Ms Lyttle info@trinitycollege.belfast.ni.sch.uk

We may need to request specific information from you to confirm your identity and ensure your right to access the information (or to exercise any of your other rights). This is an appropriate security measure, to ensure that personal information is not disclosed to any person who has no right to receive it.

Under certain circumstances, by law a parent/carer/legal guardian or a child over the age of 13 (who is considered competent to do so) has the right to:

- **Request access** to personal information (commonly known as a "data subject access request"). This enables you to receive a copy of the personal information we hold about you and your child and to check that we are lawfully processing it. You will not have to pay a fee to access your personal information (or to exercise any of the other rights). However, we may charge a reasonable fee if your request for access is clearly unfounded or excessive. Alternatively, we may refuse to comply with the request in such circumstances.
- **Request correction** of the personal information that we hold about you and your child; this enables you to have any incomplete or inaccurate information we hold corrected.
- **Request erasure** of personal information. This enables you to ask us to delete or remove personal information, where there is no good reason for us continuing to process it. You also have the right to ask us to delete or remove your personal information where you have exercised your right to object to processing (see below).
- **Object to processing** of personal information where we are relying on a legitimate interest (or that of a third party) and/or there is something about your particular situation which makes you want to / compels you to object to processing on this ground. You also have the right to object where we are processing you and your child's personal information for direct marketing purposes.
- **Request the transfer** of your personal information to another party, for instance a new school.
