BTC strives to provide a huge range of physical activities and sports, for girls and boys of all ages and ability. We make use of our fitness suite, 3G Astro turf pitch and our indoor playing areas to cater for all sports.

We have links with lots of sporting clubs, societies and organisations. One of these is the Northern Ireland Soccer Academy. There are currently 3 Team Trinity students who are part of the Academy. They get to develop their skills, stamina and abilities through training and high level competitions. The Academy works closely with BTC to make sure that the students are demonstrating the very best of Team Trinity.

We are privileged to have on our teaching staff, Miss Tubridy – Antrim Ladies Captain as the trainer and coach for our very successful girls Gaelic team. Team Trinity is for all boys and girls in BTC.
